FOSTER PARENT SHOUT OUT!

The Baby Fold Foster Care Team would like to recognize Danny Trancoso for his commitment to children in care.

Danny Trancoso has been a traditional foster parent with The Baby Fold since August of 2013. Since that time, Danny has had numerous children placed in his care and has helped provide many short-term and respite placements for children. Danny is always willing to help out The Baby Fold and the children they serve in any way possible. He works as a team member to help children reach their permanency goals. Danny is a retired Prison Warden and uses his free time to take children in his care on many trips. He also gets them involved in whatever extracurricular activities they choose. Danny adopted his first two daughters in July of 2020. Danny most recently adopted a third daughter this past July! Danny recently took his three children to the Summer Olympics in Paris, France and they also visited London, England. Danny does a great job advocating for the children in his care by helping find them necessary therapy services. Danny currently works part-time in the Unit 5 school district, helping out more children. Danny enjoys running in marathons when he is able! Danny was not done after adopting his three daughters and has recently started providing substitute care for two siblings. Thanks Danny for all you do for the Baby Fold! We really appreciate it all!

RESPITE REMINDER

We appreciate when families identify their own respite resources, and to help make that possible, the licensing team wants you to be aware of some steps that need to be taken first, if paid respite is needed.

- You must inform your youth in care's caseworker prior to utilizing any licensed foster family for respite.
- Licensing staff need to ensure the licensed respite provider has appropriate capacity to accommodate the children they will be caring for.
- If you have identified a respite resource who is licensed through another agency, The Baby Fold needs to be aware that this home is being used.
- If you offer to do respite for a family licensed by another agency, The Baby Fold needs to be informed.
- If you have any further questions, please talk to your licensing worker or caseworker or refer to the Foster Parent manual.
- Remember it is important to let your caseworker know your plans for childcare.

FOSTER PARENTS RIGHTS AND RESPONSIBILITIES

Right 6: The right to be provided a fair, timely, and impartial investigation of complaints concerning the foster parent's licensure, to be provided the opportunity to have a person of the foster parent's choosing present during the investigation, and to be provided due process during the investigation; the right to be provided the opportunity to request and receive mediation or an administrative review of decisions that affect licensing parameters, or both mediation and an administrative review; and the right to have decisions concerning a licensing corrective action plan specifically explained and tied to the licensing standards violated.

Complaints concerning a foster parent's licensure come from a variety of sources, including routine contacts with the foster family by agency staff, reports of others outside the agency, and as a result of a report to the Child Abuse and Neglect Hotline.

Per 89 Ill. Adm. Code 383, upon receipt of a licensing complaint the assigned licensing worker initiates a licensing complaint investigation within two days of the complaint. The licensing worker explains that he/she is conducting a licensing investigation, and informs the foster parent of the alleged violations. Foster parents are informed, both verbally and through the receipt of the Foster Parent Rights Related to Licensing Complaint Investigations Form, that they may have a person of their own choosing present. Foster parents are allowed up to four hours to secure the additional person support. Persons chosen to be present must sign the Confidentiality Statement for Authorized Representatives During Licensing Complaint Investigation Form.

The foster parent is informed that there will be a hold placed on their home regarding future placements, until the licensing investigation is completed. Every attempt is made to complete a licensing complaint investigation within thirty calendar days of the complaint. Foster parents are notified in writing if thirty additional calendar days are needed to complete the investigation.

Within fifteen days of completing the investigation the agency makes a formal determination of whether or not a licensing violation has occurred. Foster parents are sent a certified letter with the findings of the investigation within five days of a determination being made. Each finding is linked to a specific licensing standard. A corrective action plan also connects the elements of the plan to the specific licensing standards.

Foster parents are informed that they may request an informal supervisory review within ten days of the postmark of the certified letter. They are also informed of The Baby Fold's formal appeal process and the DCFS Appeal Process.

FOSTER PARENTS RIGHTS AND RESPONSIBILITIES CONTINUED

Responsibility 6: The responsibility to be aware of the benefits of relying on and affiliating with other foster parents and foster parent associations in improving the quality of care and service to children and families.

Foster parents learn of foster parent associations and support groups through PRIDE Pre-licensure/Pre-placement training, the DCFS Foster Family Handbook, Families Now and Forever and The Baby Fold's foster parent monthly newsletter.

Licensing workers discuss the ongoing training needs of the foster parents during the licensing monitoring visits and inform them of workshops and conferences that are available to them. The agency supports the attendance of foster parents and staff at the annual Caregivers' Conferences.

The Baby Fold offers a monthly quarterly newsletter for foster and adoptive parents. It notes opportunities for family focused activities.

New All foster parents are invited to a welcome party dinner at the agency. This offers them new foster parents the opportunity to meet agency staff, as well as,, other both new and experienced new foster parents., and experienced foster parents. The Baby Fold also offers a Nurturing Parent group for foster parents as needed or requested. Through these groups, along with PRIDE training, foster parents become acquainted with one another and develop supportive relationships.

The foster parent group provides the opportunity for foster parents to get to know one another, network with each other, and learn from one other. It allows their voice to be heard regarding their concerns and serves to strengthen their working relationships with staff members.

Agency foster parents utilize one another to provide respite.
